# THE CUTTING EDGE

HOW CHURCHES  
SPEAK ON  
SOCIAL ISSUES

MARK ELLINGSEN

This ground-breaking book contains the most complete summary and analysis ever of church social statements. Mark Ellingsen's unprecedented survey offers a careful look at the many hundreds of often-controversial declarations made since 1964 by a wide variety of churches on nine "cutting-edge" issues: racism, economic development, ecology, war and peace, marriage, abortion, genetic engineering, social justice, and socio-political ideologies.

With handy summary charts accompanying its thorough analysis, *The Cutting Edge* will be an indispensable source of information for church leaders across the spectrum and an invaluable bibliographical and research resource for anyone concerned with what the churches are saying about crucial contemporary issues.
